

The Digital Marketplace

For The **Circular Economy**

ABOUT OxCira

A photograph of two men wearing white hard hats and high-visibility yellow safety vests. They are standing in an industrial setting, likely a recycling plant, with conveyor belts and machinery visible in the background. The man on the right is gesturing with his hands while speaking.

A specialized digital platform connecting suppliers of recyclable materials with buyers, **locally and globally**, to advance **sustainability and the circular economy**.

Our Mission

Defining how we operate

To facilitate buying and selling of recyclable material according to the highest standards of transparency and governance, contributing to comprehensive environmental, social, and economic sustainability.

Our Vision

Where we're heading

To become the world's leading platform driving the digital transformation of recycling all recyclable materials.

THE PROBLEM

Waste isn't just a cost. It's a liability.

Current Situation

The recyclable materials market faces four key challenges that affect overall market efficiency:

Multiple Traditional Intermediaries

Reduce market efficiency and lower the economic value of recyclable materials.

Underutilization of Recyclable Materials

Valuable materials are often discarded instead of being recycled.

Lack of Price Transparency

Makes it difficult to determine fair market value.

Regulatory Compliance Complexity

Challenges in meeting regulatory requirements and documenting transactions.

WITH OXCIRA

OxCira provides innovative solutions to address the key challenges in the recyclable materials market:

Direct Connection Between Sellers and Buyers

Eliminates unnecessary intermediaries through a unified digital marketplace.

Maximizing Material Value

Transforms recyclable materials into valuable sales opportunities.

Transparent Pricing

Provides competitive pricing that reflects fair market value.

Digital Compliance & Documentation

Streamlines operations and documentation to support regulatory compliance.

THE SOLUTION

A Unified Digital Platform Connecting All Stakeholders Across the Value Chain.

Buy, Sell, Auctions, and Disposal & Supply Contracts... All in One Platform OxCira

Verified Participants

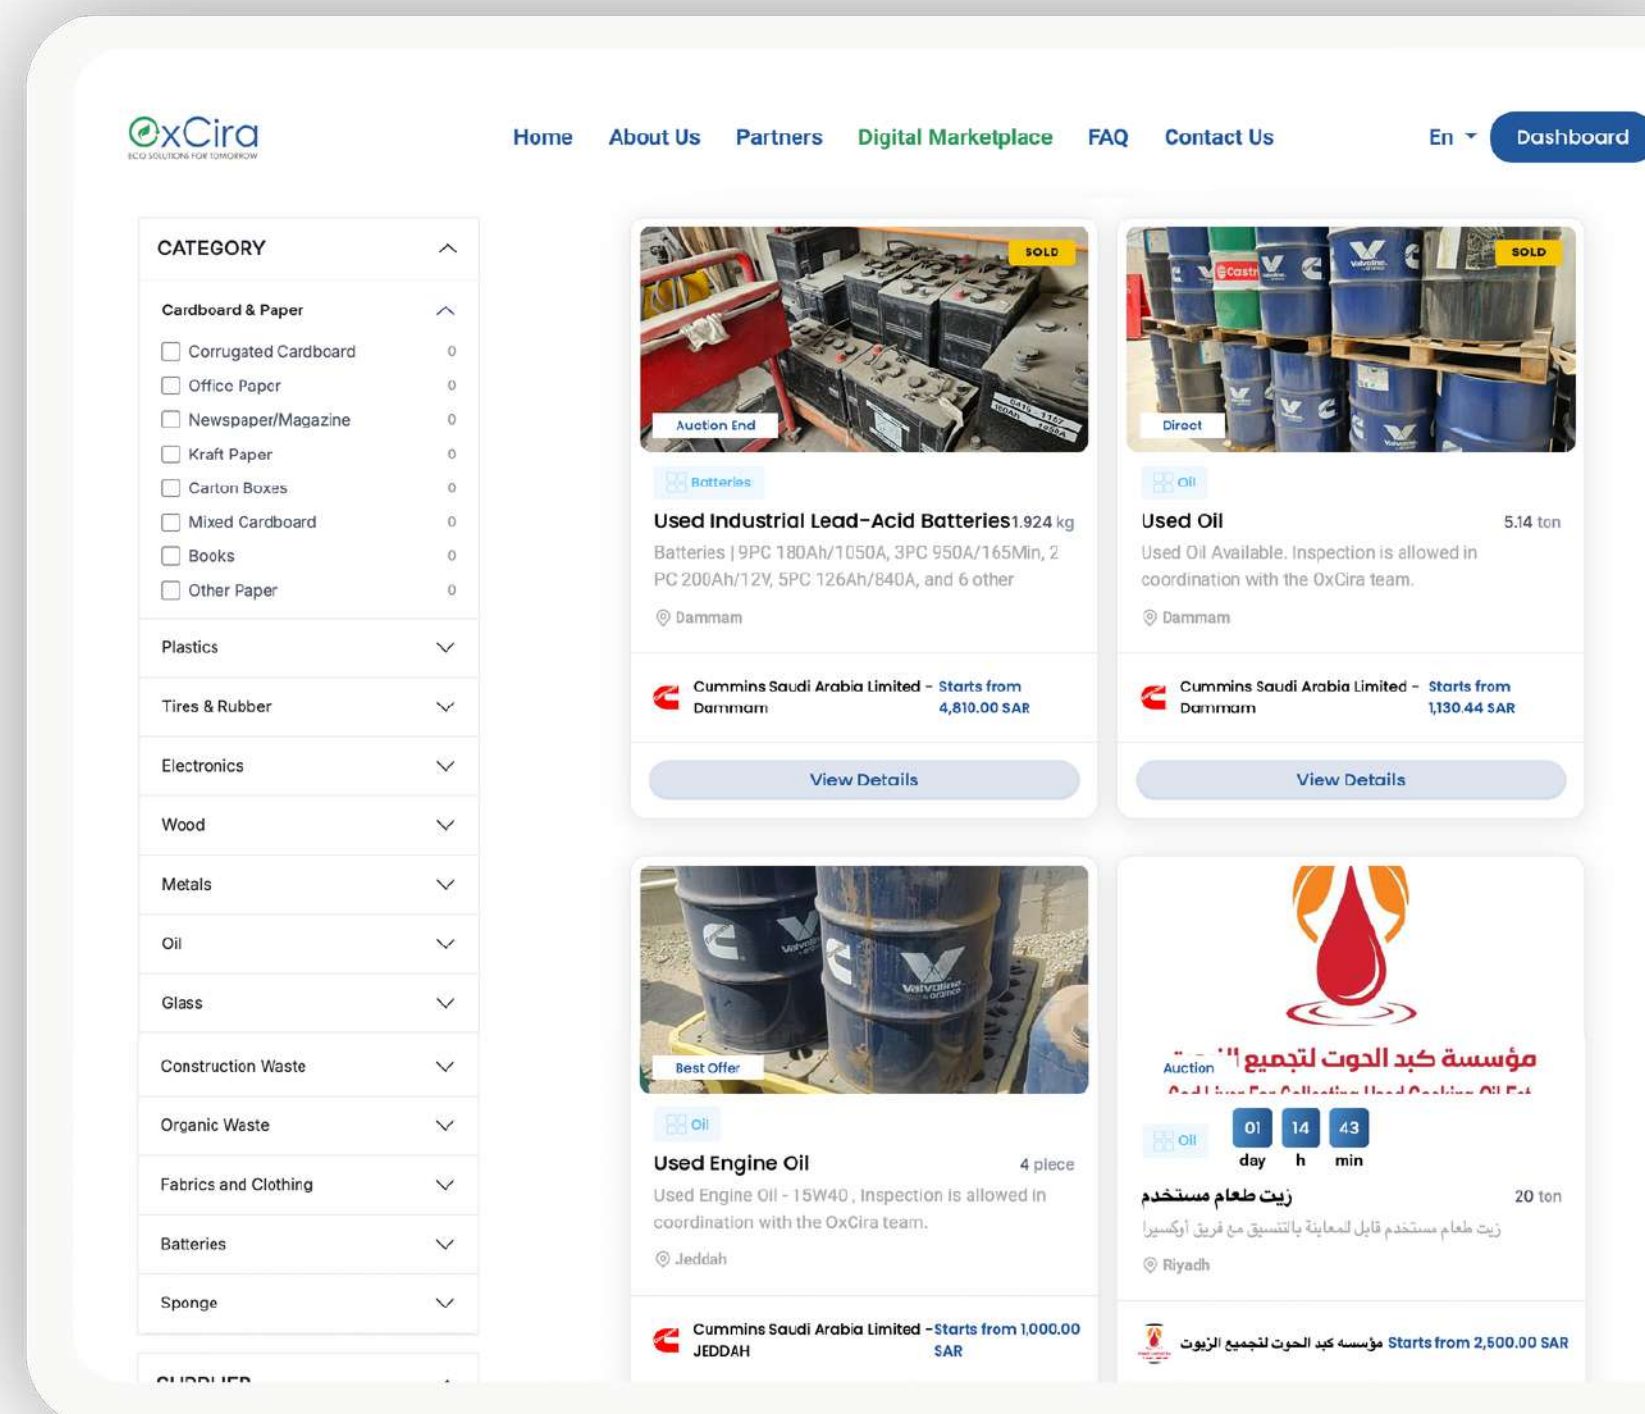

The platform connects verified stakeholders, ensuring trusted transactions across Saudi Arabia.

Verified Information

Access detailed specifications, images, and supporting documents for every material to make informed decisions with confidence.

Secure Transactions

Manage payments through the OxCira account, ensuring the rights of all parties are protected until the transaction is complete.

THE COVERAGE

Nationwide Coverage

36

Industrial
Cities

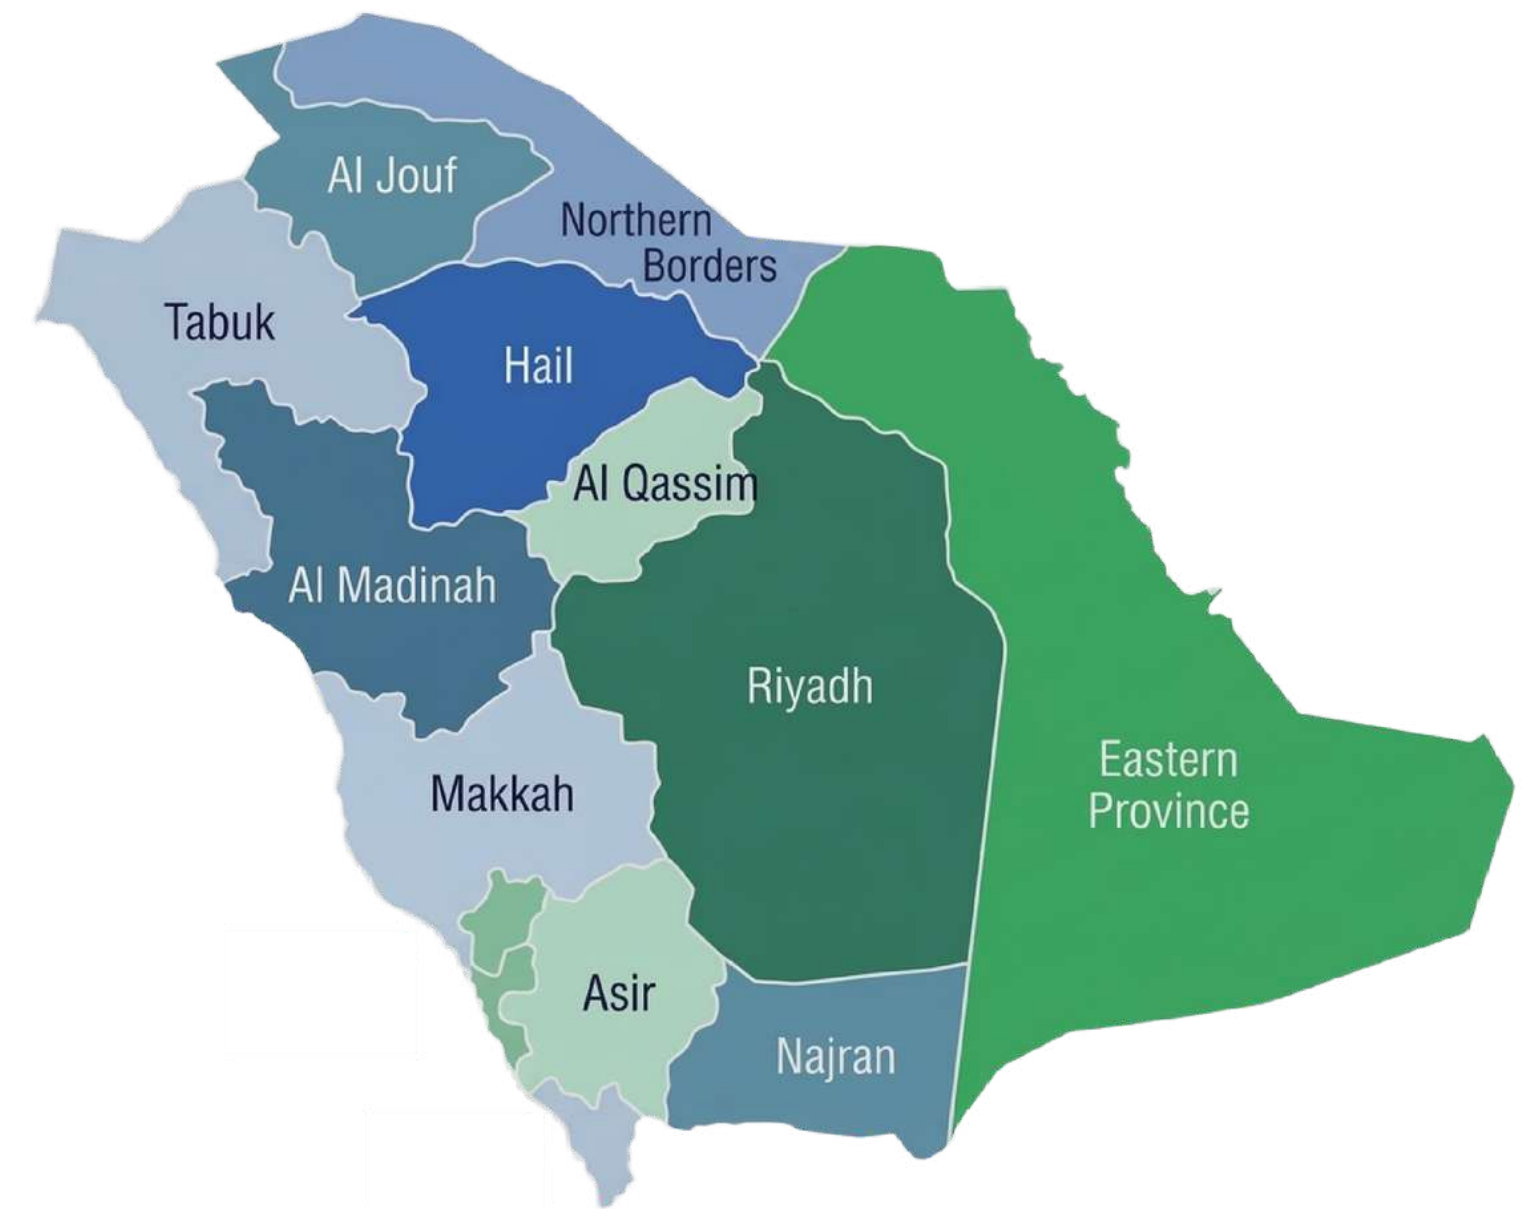

5

Free
Zones

13

Regions

OxCira empowers all value chain stakeholders to buy, sell, and trade recyclable materials, manage supply contracts, and benefit from integrated logistics solutions that ensure the seamless and efficient movement of materials across the Kingdom.

HOW IT WORKS?

OxCira is designed to simplify the user journey, from listing materials to completing the transaction in just four simple steps.

Create Offer

Add material details, quantity, images, and specifications, then choose Direct Sale, Auction, or Disposal & Supply Contracts.

Offers

Receive offers from buyers or interested organizations based on the selected listing type.

Delivery

The materials are inspected by the buyer before collection, then transported by the logistics team to the buyer's designated location.

Mutual Rating

A mutual rating system that builds a trusted reputation and fosters transparency and trust between all parties.

Long-Term Contracts

Build Long-Term Partnerships

Enable seamless contract management for buyers and suppliers.

Flexible Recycling Agreements for 3, 6, or 12 Months
